

ACE Training and Consulting is a NEBOSH accredited Silver Learning Partner approved to offer the:

NEBOSH National General Certificate 2018 specification, June 2020 updated

Over 200,000 people hold a NEBOSH National General Certificate in Occupational Health and Safety. Why? Because it's the gold standard in health and safety qualifications.

Relevant to every workplace, the NEBOSH National General Certificate is ideal for managers, supervisors and anybody with health and safety management responsibilities.

Trusted by many prestigious organisations it can help to:

- Minimise workplace injuries and illness
- Boost employee wellbeing
- Demonstrate your commitment to health and safety, which can win business

Who is this qualification suitable for?

The National General Certificate is aimed at those working in health and safety departments of their respective organisations, or those aspiring to embark on a career in safety management. It is also suitable for managers, supervisors and operational staff from all types of organisation. It offers a broad knowledge of health and safety issues and will help you understand and manage risk effectively in your organisation.

The National General Certificate is broadly recognised as a first step towards a career in health and safety. If you want to embark on a new career, then this is the qualification for you.

What will you know from this qualification?

With in-depth focus on the things that matter, the NEBOSH National General Certificate covers the core skills you need, wherever in the world you work. You will learn:

- How to effectively manage health and safety
- How to identify and control common workplace hazards
- How to measure if you've been successful
- The UK's key legal requirements

What will you be able to do after this qualification?

Risk assessment is central to the qualification. Through study and workplace application, successful learners will be able to:

- Confidently carry out risk assessments
- Develop and implement a detailed action plan
- Manage and minimise workplace risks
- Support and develop your company's health and safety culture

What does this qualification cover?

The qualification is divided into two units, each of which is assessed separately:

Unit NG1: Management of health and safety

- Element 1: Why we should manage workplace health and safety
- Element 2: How health and safety management systems work and what they look like
- Element 3: Managing risk – understanding people and processes
- Element 4: Health and safety monitoring and measuring

Unit NG2: Risk Assessment

- Element 5: Physical and psychological health
- Element 6: Musculoskeletal health
- Element 7: Chemical and biological agents
- Element 8: General workplace issues
- Element 9: Work equipment
- Element 10: Fire
- Element 11: Electricity

Entry requirements

There are no entry requirements for this qualification, however it is important that learners have a suitable standard of English language in order to understand and articulate the concepts contained in the syllabus.

NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International English Language Testing System (IELTS) score of 6.0 or higher in IELTS tests.

How is the qualification assessed?

This modern qualification combines activities, learning and interactive materials to provide you with an interesting and engaging experience. It focuses on key skills that means you can instantly apply the knowledge you gain and add value to your organisation.

Assessment is a two-step process:

- **NG1** - An open book examination to assess what you know. This is scenario based and will include a closing interview, you will be asked questions about your submission.
- **NG2** - A practical risk assessment to assess what you can do (3 hours). Learners will complete a risk assessment and develop an action plan for their workplace – this is immediately useful and valuable.

Assessments are marked by external examiners appointed by NEBOSH. These examiners are chosen for their experience and expertise to ensure that learners are assessed by the very best from our industry.

Course duration

This qualification has a minimum of 65 taught hours and can be delivered over 10 to 15 days.

Professional recognition and SQA accreditation

Professional body recognition

Holders of the NEBOSH National General Certificate are entitled to:

- Associate Membership (AIOSH) of the Institution of Occupational Safety and Health (IOSH). The qualification also meets the academic requirements for Technical Membership (Tech IOSH) of IOSH.
- Associate Membership (AIIRSM) of the International Institute of Risk and Safety Management (IIRSM).

The NEBOSH National General Certificate in Occupational Health and Safety has been accredited and credit rated by the Scottish Qualifications Authority (SQA) Accreditation. It sits in the Scottish Credit and Qualifications Framework (SCQF) at SCQF Level 6 with 11 SCQF credit points.

SCQF Level 6 is comparable to RQF/CQFW Level 3 in England, Wales and Northern Ireland.
